New Revival Plan for IDPL

*29. SHRI J. CHITHARANJAN:
SHRI GURUDAS DAS GUPTA:

Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether Government are considering a new revival plan for IDPL, discarding the plan prepared by a former head of the unit; and

(b) if so, the details thereof?

THE MINISTER OF CHEMICALS AND FERTILIZERS (SHRI SURESH PRABHU): (a) and (b) While an updated revival plan with cut-off dates as March 31 and June 30, 2000 has been received recently from IDPL, the plan prepared by a former head of that organization has not been found practicable. The updated plan shows a requirement of Rs. 572 crores from Government, as of June 30, 2000, apart from separation of about 2360 employees and retirement of 130 employees in a period of 2 years.

Private Institutions Approved by CGHS

*30. SHRI NILOTPAL BASU: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) the names and details of private institutions with indoor facilities, approved by CGHS for its beneficiaries in Delhi, Mumbai, Chennai, Calcutta, Bangalore, Hyderabad and Pune and the number of beds, facilities, ICU, ICCU, etc.;

(b) whether the number of such institutions is appallingly low at Calcutta, as compared to other cities;

(c) whether applications from such organisations were sought through public advertisement in 1997;

(d) if so, the response thereto and the action by CGHS authorities in Calcutta thereon; and

(e) the final action taken, if any, and if no action has been taken, the reasons therefor?

THE MINISTER OF STATE OF THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI N.T. SHANMUGAM): (a) The information has been given in the statement. (See below)

(b) For recognition of private hospitals under CGHS, Calcutta, an advertisement was issued by the Government in 1994 in response to which 17 applications were received. Out of these applications, 15 private hospitals and diagnostic centres were found suitable and were accordingly recognised under CGHS, Calcutta. These 15 hospitals and diagnostic centres are providing medical facilities to nearly 1.57 lakh CGHS beneficiaries of Calcutta and the facilities offered by these private hospitals are in addition to facilities available to CGHS beneficiaries through State Government Hospitals. The facilities available to the CGHS beneficiaries of Calcutta are considered adequate.

(c) Yes, Sir.

(d) and (e) In response to the advertisement issued by the Government in 1997, applications were received from 29 private hospitals and diagnostic centres seeking recognition under CGHS Calcutta. However, the process for recognition of these hospitals under CGHS has been kept in abeyance since the Government wanted an assessment of the cost-benefit analysis of the private hospitals recognised earlier, for which a study was undertaken by two independent agencies whose report is under examination of the Government. Further recognition of private hospitals under CGHS would be examined after the Government takes a view on the above mentioned reports regarding cost-benefit of the private hospitals earlier recognised under CGHS.

Statement

Private Hospitals with Indoor Facilities

Name of Hospital -	No. of Beds (Including ICU/ICCU)	Speciality/Facility for which Recognized
	DELHI	
Narender Mohan Hospital	220	Specialized and general purpose and diagnostic procedure except C.T., Cardiothoracic, vascular surgery, transplantation, radiotherapy, lithotripsy.
Batra Hospital & Research Centre	270	Specialized and general purpose and diagnostic procedure except MRI, lithotripsy and transplantation.
Escorts Hospital & Research Centre	150	General purpose and diagnostic.
Anand Hospital	52	Specialized and general purpose and diagnostic procedure except MRI, Cardiothoracic, transplantation and lithotripsy.
Orthonova	53	Orthopaedic treatment and acute medical care.
Moolchand Khairati Ram Hospital	325	General purpose, diagnostic procedures, Cardiology and Dialysis.
Sarvodaya Medical Research Centre	50	*CT* Scan.
Kailash Medical & Research Centre	60	General purpose and diagnostic procedures.

Literacy rate in Himachal Pradesh

*31. SHRI ANIL SHARMA: Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) what is the present literacy rate in Himachal Pradesh, district-wise, particularly amongst girls and women;

(b) what steps have been taken so far by Government to increase the literacy rate in various districts of the State, especially in the backward areas, to remove imbalance;

(c) whether any financial help has been rendered to the State by the international financial institutions for increasing literacy rate in the State; and

(d) if so, the details thereof and the amount provided on this account during the last three years, year-wise?

THE MINISTER OF HUMAN RESOURCE DEVELOPMENT (DR. MURLI MANOHAR JOSHI): (a) A statement mentioning the details of literacy rate, district-wise, as per 1991 census is enclosed (See below). As per the 53rd round survey on literacy conducted by the National Sample Survey Organisation ending 1997, the literacy rate of Himachal Pradesh was 77% out of which 70% was for females and 87% for males. District-wise figures were not available.

(b) All the 12 districts in Himachal Pradesh have been sanctioned Total Literacy and Post Literacy Projects. One district has been sanctioned Continuing Education Programme. The literacy projects for tribal districts are funded by the Central and State Governments in the ratio of 4:1 against 2:1 for other districts. The literacy campaigns reach out to those areas of the country which are
